

# China Hi-Tech Fair 2021 International Pavilion

November 17-21, 2021

Shenzhen Convention & Exhibition Center, Shenzhen, China

Host: China Hi-Tech Fair Organizing Committee

Organizer: China Hi-Tech Transfer Center (Shenzhen Convention & Exhibition Center Management Co., Ltd.)

## About China Hi-Tech Fair

China Hi-Tech Fair (CHTF) is renowned as China's largest and leading technological event. It reflects the current state-of-the-art technological innovations and defines the technology and industry trends in China.

Since its launch in 1999, China Hi-Tech Fair has steadily built up the networks of loyal participants from across the globe. It offers an ideal platform for international cooperation and plays a vital role in boosting economic and technological collaborations between China and other countries.

## International Pavilion

The International Pavilion is a worldwide showcase and offers an outstanding chance for technology companies, governmental institutions, and organizations from all over the world to display their latest products at the forefront of global innovation.

In addition to a strong exhibition program on site, a web version of the International Pavilion is specifically designed for those who could not make international trips. The online International Pavilion is a valuable platform to conduct business with decision makers virtually from all corners of the world.

## Participants at CHTF (including but not limited to)

## Welcome to China Hi-Tech Fair 2021

The 23rd China Hi-Tech Fair will both go physical and digital. Our hybrid event solution is at your disposal. Join us for the onsite exhibition or take advantage of the online show. CHTF 2021 Digital, a virtual version of the live exhibition, allows you to promote your products and services at the touch of a button.
